Dear Young Voter,

The Bedford Democratic Committee would like to welcome you to your first Presidential Election! Now comes the tough part, deciding which candidates will get your vote, and which party will receive your support.

Do you feel that it doesn't matter? Think Again! Politicians and political parties will have their say, and if you find yourself worrying about the future think about these key issues.

- A Living Minimum Wage
- Access to Debt Free College Education
- Corporate Control of the Political Process
- Healthcare and Birth Control
- Climate Change
- Renewable Energy
- War and Nation Building
- Civil and Human Rights
- Equal Pay for Equal Work

These and many other issues make up what the Democratic Party is all about. If you would like to know more you can contact us through our web site at www.bedfordvademocrats.org. If you would like to know more or are interested in volunteering feel free to stop by our campaign headquarters at 107A Main St. Bedford, VA. The door is always open! (Mon-Fri 10-4, most Saturdays)

Remember to VOTE in November. Absentee voting can be registered for on the Virginia Department of Elections site or you can visit the Registrar in Bedford Central Library. This election is crucial. We need you to be involved and to vote in order to move America forward.

With Hope for the Future,

The Bedford Democratic Committee
